Matara, Sri Lanka

GCE Advanced Level - Mathematics stream

Kegalu Vidyalyaya - Advanced Level

Z Score - 1.4509

2021

PROJECT EXPERIENCE

Personal Healthcare Monitoring System (Healthify)

Group Project

- Facilitated project planning and sprint coordination within an Agile environment, utilizing Trello to manage backlogs, track progress, and optimize task allocation.
- Elicited and documented business and functional requirements, translating stakeholder needs into clear user stories and acceptance criteria to support effective development.
- Supported requirement analysis, system testing (UAT), and validation processes, contributing to improved system reliability, quality assurance, and performance.

Police Information Management System

Group Project

- Contributed to the development of desktop applications using C# and .NET, while aligning technical solutions with business requirements and functional specifications.
- Participated in system design discussions, supporting the translation of business needs into technical solutions, process flows, and system architectures.
- Assisted in requirements gathering, analysis, and documentation, ensuring clarity, traceability, and alignment with stakeholder expectations.
- Supported project planning, task prioritization, and progress tracking within an Agile environment, facilitating effective team coordination and on-time delivery.

TECHNICAL SKILLS

Project Management & Tools

Agile Methodology, Draw.io, Trello, Jira

Programming Languages
